BLIND CURVE

She left home to get away from betrayal. She returns to escape failure. Can she move forward and leave the past behind?

BY SHARON VANDER MEER

About the book

Officer Ada Blake is desperate to regain her confidence after an on-the-job incident left her doubting and despondent. When she returns home after a long absence seeking peace and quiet, she finds her mother on the brink of bankruptcy, a brother creating long distance havoc and a disapproving sister. Can she overcome the sense of failure that follows her from her job in the city to her small hometown where she is haunted by past betrayals, inexplicable threats to her life, and appeals from the woman who took away the one thing she wanted most? Can the handsome nerd-turned-hunk from next door help her find the way past failure and guilt? Can she reconcile the past with the present and find peace?
